**Spread** 14" - 18"

**Spacing** 18"

**Bloom Color** White

**Bloom time** Summer

**Deer Resistant** Yes

**USDA Hardiness Zone** 4 - 9

## **Description**

Heuchera 'Lemon Supreme' is a citrus-bright Coral Bells that will brighten the dim and shady areas of your landscape. Bred for sun tolerance, 'Lemon Supreme' grows fine in full sun where other yellow foliage burns out. Lemon Supreme deepens into a showy lime green that lasts for a long time. The petite white flower scapes elongate and wave high over the compact mound that attract butterflies and hummingbirds. It works well as an accent plant, in containers, shade mass planting, mixed beds or for winter color and is cold hardy.
