**Price : \$23.00**

Price includes 6% MD sales tax

**Other** Bright pink flowers; burgundy spring foliage turns to russet in fall; drought tolerant; attracts butterflies.

## **Description**

'Magic Carpet' spirea is characterised by bright color all season long. New growth is soft burgundy quickly brightens to vibrant lime green followed by an amazing flower display of pink flower clusters in summer. Minimal pruning will encourage a large rebloom later in the summer. Once established, it becomes drought tolerant. Makes great cut flowers. Can be grown in containers and a perfect option of urban gardens.
